were caught in this picture by Harry Bell of Bell's Drug store as the town clock said eight minutes to eight D.S.T. The Newmarket Veterans are doing a

grand job for the Newmarket boys overseas, sending them parcels regularly.

Support Of Victory Loan Urged By Town's Clergy

SEVERAL OF CHURCHES HEAR APPEALS TO SUPPORT LOAN

Support of the Victory Loan drive was urged in Newmarket churches on Sunday.

At both morning and evening services of St. Paul's Anglican church, Rev. Arthur Patstone, the pastor, spoke for this support. "Apparently the choice is between Victory Bonds or Hitler's bonds," he said. "If we value liberty we must invest in it." Appropriate prayers and hymns were given.

"If we do not want to see a Nazi empire fly on Newmarket's new flagpole then we should do all in our power now to help our country," Rev. Dr. W. D. Muckle said in St. John's R. C. church on Sunday. He urged those in attendance to offer up their Holy Communion and Mass to God that He would will suc-

cess to the victory drive. Rev. Dr. A. E. Runnells, of Trinity church, made the prediction that Canadians would over-subscribe the Victory Loan by 200 to 400 million dollars.

A suggestion that the Friends congregation might designate that their Victory Loan bonds should be used to alleviate the suffering caused by war, was made by Rev. Burton S. W. Hill, pastor of the Friends church here. Mr. Hill said that the government would allow the buyers to designate the use of their money in that way.

Rev. J. A. Koffend, minister of St. Andrew's Presbyterian church, urged the buying of Victory bonds to help the war effort.

Treasures Of Old County Family Go On The Block

COLLECTORS AND DEALERS ARE AMONG CROWD GATHERED

Attracted by colorful family history, and the knowledge that many treasures were being offered for sale, a record crowd attended the auction sale at Bonshaw on Yonge St. on Saturday.

Hon. Jacob Aemilius Irving, a veteran of the Battle of Waterloo in 1815, built the house in 1841. He served in the Upper Canada legislature. A son, Sir Aemilius Irving, K. C., subsequently represented Hamilton in the dominion parliament.

A son of Sir Aemilius, Christopher Harleston Irving, who died last December, made his home at Bonshaw. A brother of Harleston Irving, Col. L. E. W. Irving, D.S.O., of Vancouver, has been in Newmarket for some weeks past clearing up the estate.

"The best sale of its kind in 25 years," was the comment of the auctioneer, F. N. Smith.

Some of the interesting items included a set of linings dishes, sold to Col. F. H. Dunham for \$100; a portrait of Queen Victoria, sold to Col. Irving for \$50; an old English walnut table, sold for \$60; an antique bedstead, sold for \$20; a number of chairs, sold for \$12 each; a pair of knegling chairs, about \$9 each.

Dealers and amateur collectors were present from Toronto, Barrie and other points. Another sale is announced for this Friday to dispose of farm implements, household and miscellaneous articles that could not be handled last week.

Glen Wentworth, Newmarket, acted as clerk for the sale last Saturday.

Great Torch Parade Promotes Victory Loan

A human cavalcade of students in and under their "teens," of youths in their twenties and thirties and of veterans of the first Great War marched down the Main St. on Friday night in a monster Torch Day Victory loan demonstration.

Main St. was thronged with spectators. The parade started at 7.30 from Main and Huron Sts. led by the military camp band.

Then came a large body of soldiers from the camp, dressed in summer khaki and marching briskly. The high school glee club was next and later, during the ceremonies at Water St., led the singing. Children of the public and separate schools, carrying flags, and high school students were next in order. Teachers and members of the school boards led them.

The Newmarket Citizens' band, C company of the Queen's York Rangers led by Captain D. O. Mungovan, the R. S. A. bugle band, the Cubs, the Newmarket Veterans, Girl Guides, Boy Scouts and the Newmarket fire brigade completed the parade. The Rangers, with pressed uniforms and carrying rifles, were an impressive force of fighting men. Two pretty drum majors, Doris Harden and June Hill, dressed in brilliant though brief costumes, led the bugle band.

Hundreds lined the street to watch the parade which stretched far along the route of march. Following the parade were the Victory Loan ceremonies at Water St. The Citizens' band presented a concert at the finish of the program.

"I challenge you to show me anything in the statistics re medical care of relief patients. "For your information all such matters were attended to by order-in-council and not one word is to be found in the statistics, which you should have known before going into print."

Victory Loan Moves Upward Toward Its Objective As All Help

Many Rural Areas Throughout Canada Have Passed Objective, And Try To Do More, Ottawa Reports

Northern York county is making splendid progress toward its objective in the Victory Loan campaign, headquarters at the King George hotel, Newmarket, informed The Era.

Newmarket is doing particularly well, but there is a lot of hard work ahead yet. Citizens are urged to co-operate in the most generous way with the canvassers, to help them to reach their quotas.

The following wire was received by The Era today from Ottawa.

"Emphasizing the appeal which the Victory Loan is making to the small investor is the fact that up to Wednesday 336,253 individual subscribers, more than the combined total of the two previous war loans, had invested \$340,397,400. Most encouraging to headquarters were the returns from rural units, many of which have already exceeded their objective and are striving to further increase their cash subscriptions as well as their numerical totals."

Comforts are available at these hostels 24 hours a day.

This is the first Navy League tag day to be held in Newmarket, and citizens are urged to co-operate with the taggers.

FANS ELEVEN MEN IN FIVE INNINGS OF PLAY

Office Specialty received a 10-4 setback at the hands of the Town in a good game of hardball played last Thursday night. It was a much better contest than the opening game.

Hoelt, from the military camp, who was pitching for the Town, struck out 11 batters in five innings of play, which was all the game went. He had the Office men tied up securely nearly all the way and was bending his shots in from all angles. Pitches that looked like bean balls would curve in as they reached the plate and count as strikes. It was worth going to the game just to watch Hoelt. He allowed only four hits.

The Town got 13 hits off Alex. Webster, who pitched for the Specialty. At that, Alex. fanned eight men and twirled a fair game. Overthrows and other errors accounted for several of the runs.

Harry Peppiatt, the youngest player on the field, managed to knock out two hits for the Town. Charlie VanZant, Herb. Cain and Seaton, the "murderers" row, were knocking the pill in fine fashion.

Pete Neufeldt, Specialty centre-fielder, was hit by a bean ball in the fourth inning. It was a wicked shot, but Pete recovered quickly and stayed in the game.

Ottawa Wants To Know Why And Wherefore

A communication from Ottawa stating that it was not the usual practice of municipalities to charge the government for the cost of water meters installed by the towns, and asking that copies of the Newmarket by-laws referring to the question be forwarded to Ottawa, was received by the town council on Tuesday evening.

The meter in question, which cost \$650, was installed by the town at the military camp. Town authorities contend that they should not have to pay for it. The letter was referred to the water and light committee.

THEY'RE SUPPORTING VICTORY LOAN

Some of the platform occupants during the Torch Day ceremonies are shown in this picture by Wilf. Gynane of the Budd Studio. Left to right appear Col. R. B. Harkness, D.S.O., Major B. H. Geary, V.C., Headmaster Joseph McCulley, H. L. Trapp, Victory loan organizer,

Mrs. W. R. Stephens, president of the Red Cross Society, Aubrey Davis, North York chairman, Rev. A. J. Patstone, Principal H. A. Jackson, G. L. Manning, C. H. Burgess, Toronto, divisional organizer, Lieut.-Commander Gordon B. Jackson and Mayor Dr. L. W. Dales.

"None Have Faced So Grave A Crisis," Says Torch Day Orator

Union Jack Hoisted On New Flagstaff By Fairy Lake As Citizens Gather For Victory Loan Ceremonies

In plain but stirring words, Lieut.-Commander Gordon B. Jackson, R.C.N.V.R., and Captain Aubrey Davis, speaking before a huge audience in the Office Specialty park during the Torch Day ceremonies on Friday evening, told their listeners that they must get behind Canada's war effort before it is too late.

The raising of the Union Jack on the new 80-foot flagpole by officers and men of the military camp preceded the addresses. Rev. A. J. Patstone, saying it was a symbol of liberty and progress, dedicated the flag. A prayer for His Majesty's forces and victory was given by Rev. Arthur Greer.

Mayor Dr. L. W. Dales was chairman. Among those on the platform, in addition to the speakers, were Principal J. B. Bastedo, Principal H. A. Jackson, Headmaster Joseph McCulley, Capt. Rev. Dr. W. D. Muckle, Lieut.-Col. R. B. Harkness, D.S.O., Major B. H. Geary, V.C., G. L. Manning, Mrs. W. R. Stephens, and Victory loan organizers.

Surveying the large audience, Lieut.-Commander Jackson said that "if there are one or two factors that will bring us victory, they are loyalty and enthusiasm in the face of all danger."

"A conquered country should have nothing left but its eyes to weep with," is the German idea, he said. "That is true of Italy too, for 'whether conquered or allied their fate is the same.'"

"I feel that no people in the history of the world have faced as grave a peril as we face tonight. Democracy is a way of life. We must fight for it. Every man, woman and child has resources to use and we are going to win on resources."

"Anti-democracy means anti-Christ," said the speaker. "There is no religion except Christianity that realizes the rights of the minority. Germans teach that Jesus is the enemy of all Germany and that Adolf Hitler is the true Holy Ghost."

Adolf Hitler did not impose his will upon the German people, but he expresses and epitomizes the ambitions of the German people. "Hitler is no accident. As John Stuart Mill has written, 'every country gets exactly the government it deserves.' The Germans want Hitler!

STRIKE-OUT KING SLIPS A NOTCH, SOLDIERS WIN

Though the weather bordered on the freezing line, the Military Camp hardball squad managed to keep warm enough to bat out a 7-5 decision over the Town on Wednesday night. The camp defeated the win, but came near to losing it in the sixth and last inning, when the Town started a rally that got them within two runs of the troops.

Hoelt, who was the strike-out king in his last game for the Town, switched his regal title this time and handed out ten walks. Jones, Tribble and Gill took turns at pitching for the camp and handed out between them only five hits in the six innings of play.

The game started out at a fast clip and got ragged toward the end. Getting one run in the first and second, four in the fourth and one in the fifth, the

Captain Davis said that he was not surprised at the size of the crowd. "There never was a time when work needed to be done that the people of Newmarket didn't get together to put it across."

Congratulating Mayor Dr. L. W. Dales, among others, for his work in connection with the Torch Day ceremonies, Captain Davis said that "the idea of this flag and flagpole is, I believe, something that originated with him."

Predicting success for the Victory Loan, Captain Davis compared it to the raising of the flag. The difference was that the flag could only go "to the top" but the Victory Loan would mount to an unlimited total, he said.

"Unless the enemy can be held until October, unless Britain can keep control of the air and the lanes of the Atlantic every hour, day and night, from now until October, there is great danger Britain will be overwhelmed," he declared.

If Britain were defeated, then the United States, "honey-combed with subversive elements," would be attacked from the south and would need all its energy to "take care of its own troubles," he said. Canada would then be left alone in an "unenviable position."

A suggestion that the Newmarket Ministerial Association might set up an ever-burning torch, before which the people could pray for victory and the return of a just peace to the world, was made by the speaker. "There is no force today that will bring the assistance that the power of prayer will bring," he said.

"From the bottom of my heart I believe our situation is one of very great danger and we should lap every resource possible," concluded Captain Davis.

A "master scroll," containing the names of representative citizens of Newmarket, was shown the audience by Mayor Dales. He said that it would be flown with the Victory Torch to "strengthen the hand of Churchill." The pledge flag was raised on the flagpole by the Boy Scouts and the large audience repeated the pledge to "march shoulder to shoulder with the Motherland and the Empire in our righteous cause through victory and enduring peace."

Camp also got the win. The Town got one in the first, two in the fifth and two in the sixth. Herb Cain hit the best blow of the game with a cracking two-bagger out past centre field in the last inning. Errors on the part of the Town played a large part in their defeat.

PEPPER AND SALT

By FET

The ladies won't have any softball team this year in case readers of this column want to know. Course they may pull a last-minute right-about-face as is the wont with the ladies and get in a last-minute entry. Heck, I'm going to miss those games. A fellow could watch a ball game and some beauty at the same time when the girls played. While there are handsome men playing baseball in these parts, who wants to see handsome men? Oh, the ladies say they do.

As yet, no one has knocked the ball over the fence or has even got a home run in the hardball games played to date. The executive should offer a prize to the first man who does that difficult thing.

The military camp is leading the league with two wins and no losses. They have a variety of pitchers and when anyone gets into trouble there always seems to be another one around to plug up the gap. And then there are others left over to pitch for the teams in the town league.

It would be nice if the Town and Davis Leather could recruit pitchers from Newmarket ranks. A pitcher is the most important cog in most hardball teams, as Pete Kaus proved last year. In fact, the best pitcher will probably be the fellow who will win

the title this year. In a league where the fielding is pretty even in worth, as in this, the pitching carries the edge.

The Toronto Maple Leaf baseball team will return to Toronto on Monday after their present back-breaking road trip, says a sports bulletin sent out by Dink Carroll, publicity director of the club. From now until the end of the season all games in Toronto except those played on Saturdays and holidays will be night games.

Dink relates an amusing story which concerned Al Todd, newly-acquired catcher from the Chicago Cubs, who has been in the National League since 1934, and Dizzy the redoubtable Dean:

"The signing of catcher Al Todd by the Toronto Leafs recalls a memorable incident ten years ago when Todd was catching for Dallas and Dizzy Dean was pitching for Houston in the Texas league. In an early inning Todd came to bat and it looked as though Dean was trying to dust him off. After the second pitch broke close to his head, Al warned Dizzy that he'd go get him if he threw another bean ball at him.

"Dean, accidentally or otherwise, came right back with another one. Al made good his threat. He went right after Dean and they started a scrap out on the hill. Todd, a six-foot two-hundred pounder, knocked Dean colder than a herring. For

some reason, neither player was ejected from the game, and Dean quickly revived and went right on pitching.

"When the ninth inning rolled around Houston was winning, 3 to 1. Dean got out the first two men to face him, and then looked over at the Dallas bench. He knew that Todd would be the fourth man to face him, if the game lasted that long. But there were two out already, so Dean deliberately passed the next three batters just to get at Todd. Dizzy then shouted at the top of his voice to Al that he was going to show him up, and that's just what he did. He blew three strikes past Al so fast that the big catcher never even saw them."

GORGEOUS BLOOMS
SEEN AT IRIS SHOW

By GOLDEN GLOW

Last Saturday afternoon and evening was the iris show, the first flower show of the season, and those who do not know the beautiful iris, would get quite a surprise to see what a wonderful display there was.

Not in quantity perhaps, but the quality more than made up for any lack in numbers. I may be mistaken, but I fancy the dry, hot season we have had this spring may account for the extremely long stalks on the majority of the specimens on exhibit there.

And those specimens! Every one a prize-winner! I do not wonder that such a gorgeous flower as the iris has become, of late years, such a general favorite. And it has been brought up to such a peak of perfection that it rivals any other flower you could mention.

If you take the time to examine one of them—or should I say some of them—you will be amazed by their delicate beauty and coloring. For instance, there is a pale blue and white one (I am not going to talk like a seed catalogue and bother you with botanical names) and the edge looks for all the world as if Mother Nature had buttonholed it round the edge, or used what we call the "blanket stitch" in needlework, one long and one short!

In another you'll see such wonderful markings, like veins, running in symmetrical patterns, such combination of colors—pale blue, dark blue, lavender, mauve, purple, yellow or pink—colors so dainty and delicate, maybe in combination of two colors, or maybe more, making a perfect blending. Some almost black, they are so purple, some with a combination of brown and yellow.

The sweepstake, or best specimen, to be selected by the judge, was without a doubt a winner, and in a class by itself—but I certainly would have a queer time if I were judging, for I'd want to give everything the prize. For instance, I fell terribly in love with a jar of lupins—oh, such a wonderful variety—it was in the exhibit called "Vase of spring flowers other than iris," but evidently it was judged by the variety of spring blossoms, for the first and second prize vase had every kind of spring flower you can name, I think. Honestly, I never knew there were so many varieties of lupins—I thought my three different kinds were pretty nice, but I learned there were many more varieties than three, so the iris show taught me something, you see.

I planned to see them again in the evening, but was unable to go, and I didn't stay long enough in the afternoon to see everything properly—in fact, I missed the bird-houses altogether, and you may be sure I feel badly about that, for I have quite a liking for bird-houses, as no doubt everybody knows by now.

So you see, I really am not competent to write about the iris show, nor would I be doing so now had I not met the editor on my way home and he asked me if I would. When I said, "Why, yes," I expected to be down in the evening again, to really see and take all evening to look at the beauties.

However, I did see them, and I can shut my eyes and see them again in memory. Those huge baskets full of perfect specimens, the containers with the named varieties, the vases with the best three of the different shades, and on one table there were such a number, all named, and arranged in such a cunning way—just their heads in a slanting show-case, and did they ever show to advantage?

Then the pyrethrum, that beautiful pink daisy perennial, the one I could not recall the name of in a recent article. The one I told you that the pet rabbit was so fond of, and nipped it off just as if it had been cut by a pair of scissors. And the graceful columbine—these two were all the other specimens on display to be judged, except a bowl of the loveliest pansies you ever saw, but pansies, yes, and lupins, are on the prize list for next week, so we shall see them again I hope this coming Saturday.

But I am so sorry I overlooked the bird-houses, for it was one of the things I wanted most to see, that collection of bird-houses. Well! The best laid plans of mice and men, etc., as the poet says.

So here's hoping we all meet

next week at the peony show in the memorial hall, St. Paul's church, D'Arcy St. Our peony show is famous throughout the county, so plan to be there either afternoon or evening, or, better still, both.

BIRDS OF A FEATHER

By GOLDEN GLOW

If you want to see a pretty sight just visit Springwater Park at Midhurst. I've often written of that delightful spot, telling of the wonderful evergreens, and the flowers, and the picnic accommodations, and the delightful rockeries and the lily pool, the water-wheel, the Japanese garden, and the beds of perennials.

But this time I want to tell of another grand attraction. It is the peacocks—and are they ever interesting? You would say they were if you saw them spreading their glorious tails and strutting round! Everybody up there the other day was as interested as we were, and I think there was a constant stream of visitors circling their wire enclosure all the afternoon; soldiers, air force men, civilians—and we were one and all delighted with them. If they keep on spreading their wonderful, beautiful tails as long as they have an audience then they must be kept busy!

I'm afraid I do not know enough about their habits to say definitely just why they do strut so and spread their tails—the old expression "proud as a peacock" may explain it, and we can just put it down to vanity, for they certainly do step around as if they were mighty proud of themselves! Again, it may be that they are courting—and again it may be that they are trying to protect their mate. But the why and wherefore needn't bother us so long as they spread that gorgeous tail for our admiration. And I assure you they were getting their full share that day.

There are several kinds—pure white and the blue-green kind with the black eye in the centre of their beautiful feathers. They say it is unlucky to keep peacocks in your home—now why—how could that be? I had a lovely bunch given me when I was quite young and I kept them for years, but any bad luck I had I'm sure I never would have dreamed of attributing to those beautiful feathers.

The pure white peacocks—aren't they an object of worship somewhere in the east?—were magnificent. When that peacock spread his tail it was like lacy filagree—it was perfect. But when you turned around and looked in the other enclosure and saw the multi-colored one, with every eye perfect in every tail-feather, you began to weaken and you'd say, "Well, I don't really know which one is the prettiest." I liked them all—even the young ones with their queer, little, sprouting fans of tails a few inches long.

But if you love birds you'll enjoy seeing them, and, of course, the pheasants and the partridges, the cute little parakeets and the love birds. There were Chinese pheasants with their brilliant coloring, and a pair of lovely, blue-colored birds in with the parakeets. They have very attractive homes built for them, too. I think the rangers and helpers up at Midhurst must love nature and everything connected with it, for they keep everything in such perfect shape there.

Walter Archibald was in an accident with a truck, recently, his car being upset. Mr. Archibald was seriously injured.

Mr. and Mrs. Elwin Paton of Lasky, Mr. Elwin Paton of Toronto, and Mr. and Mrs. Roy Boyd and family of Toronto spent Sunday with Mr. and Mrs. Elias Paton.

Mr. Wm. Hughes of Toronto spent the week with his wife at Mr. John Archibald's home.

FARM WORKER WINS
DIVISION COURT ACTION

A judgment of \$178 and costs was awarded Henry Griffiths, a farm laborer at Mount Albert, in a division court action brought against Harold Hayes of Mount Albert for failure to pay wages, heard in Newmarket town council chambers last Thursday. Judge Ian Macdonald presided. N. L. Matthews, K. C., Newmarket, represented Mr. Griffiths and F. L. Button, Stouffville, acted for Mr. Hayes.

Mr. Griffiths testified that he had been a farm laborer in the Mount Albert district for 18 years, 17 of which he spent on the farm of Peter J. Mitchell. Last March, said Mr. Griffiths, he was hired by Mr. Hayes for a year and was to get wages of \$1 a day six days a week, and his board free.

"I only received \$134 for the whole year," said Mr. Griffiths. "I got a pint of milk a day for my family." The plaintiff, who is 60 years old, said that he had gone to work for Mr. Hayes because the latter had only a small farm. "I thought it would be lighter work," said Mr. Griffiths.

Mr. Hayes agreed to give him \$10 a month and the rest after he had worked the year, said Mr. Griffiths. When the time came for him to get the rest of his pay this March, said the plaintiff, Mr. Hayes offered him \$24 and asked him to sign a receipt saying that he was paid in full.

"He said he owed me \$24 after he took off 50 cents a day board," Mr. Griffiths declared. "He just said 'sign that receipt'." "Did you sign?" asked the crown.

"Yes," Mr. Griffiths said that his eyesight was poor and that, since he was not wearing his glasses, he signed the receipt without knowing what he was signing. However, he said, he protested to Mr. Hayes that he was not supposed to pay any board.

Mrs. Elizabeth Griffiths, wife of the plaintiff, and Miss Griffiths, their daughter, both said that Mr. Hayes had agreed to pay the wages stated and had told Mr. Griffiths that he could board free.

"When working for Mr. Mitchell, my husband got \$20 a month and we had our fuel, a free house, a fresh cow, two pigs, and grew our own vegetables," said Mrs. Griffiths.

Mr. Mitchell testified that Mr. Griffiths had worked for him for 17 years and had been a good worker. "He told me he wanted to get a lighter job and was going to work for Mr. Hayes," he said.

John Albert Walker, Mount Albert farmer, said that Mr. Griffiths is now in his employ. "He's the most conscientious man I've had on the farm," he said.

Asked by Judge Macdonald what he thought was a fair wage for a farm laborer, Mr. Walker

SAY STOCKINGS
HELP WAR EFFORT
(Contributed)

Stocking styles are changing with the war. Instead of the all-silk hose formerly worn by Canadian women, the new types coming into existence have cotton and rayon in them. But it is not as bad as it sounds—and it is all in a good cause.

The idea of replacing part of the silk in milady's hosiery with substitute materials is based on reducing the consumption of silk, which has to be paid for in American dollars. To save part of this valuable foreign exchange Canadian full-fashioned hosiery mills are mixing other fibres with real silk.

It is being done in two ways. First, by making tops and feet of hose—which do not show—with cotton or artificial fibres; hosiery of this type is already on the market. Second, by using fine-spun rayons in the leg panels, mixed with silk.

This second type of hose is just beginning to put in its appearance in Canadian shops. Sheer and shapely, these "mixtures" meet the natural demands of Canadian women for attractive leg wear, and they are serviceable too. The percentage of silk which remains in them gives them wearing qualities, for silk is the strongest known natural fibre. A difference is to be noticed in mixtures when they are wet, for some artificial silks are weaker when damp. This means added precautions must be taken in laundering them; no harsh rubbing or wringing is advised.

The change from all-silk to mixtures presents a difficult task for Canadian manufacturers, but they are applying themselves to the supply problems and technical details with all the ingenuity that has made Canada the world's leading exporter of full-fashioned hosiery.

The success of the silk reduction scheme is being noticed already. Figures show that for the first four months of this year silk imports dropped to half of what was used in the same four months last year. This means a considerable saving for Canada of valuable U. S. dollars.

Another feature to the "mixtures" is that much of the rayon and cotton used comes from Great Britain, and the purchase of these materials helps England build up her supply of Canadian dollars for war purchases here.

said that \$35 a month and board for about 7½ months a year and \$15 a month and board during the winter was a fair wage.

The defendant, Mr. Hayes, said that he had first offered to hire Mr. Griffiths for part of the year 1940 from March to the "freeze-up" for \$1 a day and board.

"Mr. Griffiths said that he wanted to hire for a year," he declared. "I offered him \$300 for a year and said that he could board at home, but that if he wanted to board with me I would charge him 50 cents a day. He accepted that. I told him I would give him ten bags of potatoes and a pint of milk a day for his family."

"On this March 14 I told him what I owed him and paid him. I asked him to sign the receipt. He looked at it for a minute or two and signed it." Mr. Hayes said that Mr. Griffiths read newspapers at his home without the use of glasses and was able to read the receipt he was signing.

"Then what did he have glasses for?" asked Judge Macdonald. "Because he looked better in them?"

"The whole argument is ridiculous," Judge Macdonald told the defendant. "The circumstances in which this note was signed amounted almost to extortion. Nobody in their right senses could make an agreement like that. I am inclined to accept the story of Mr. Griffiths."

King Council Resents
Action Of Horse Show

The regular meeting of King township council was held at Schomberg on Saturday.

Reeve Thos. MacMurchy was in the chair and the members present were Councillors E. M. Legge, W. E. Barker and C. E. Walkington. Councillor L. B. Goodfellow was present for the afternoon session.

The minutes of the former regular meeting and special meetings were read and upon objection of the reeve to the adoption of the minutes of the last regular meeting, containing a resolution relative to the payment of a road maintaining motor grader, it was moved by Mr. Legge and seconded by Mr. Barker that the yeas and nays be demanded on the adoption of the minutes.

The following vote was recorded: nay, Mr. MacMurchy; yes, Mr. Legge, Mr. Barker and Mr. Walkington.

General accounts passed included the following: H. G. Rose, registrations, \$2; G. W. Williams, M.B., \$3; Maurice Hayward, constable services, \$18.20; C. N. I. for the Blind, re indigent, \$24; department of health, insulin, \$4.28.

Mrs. Jennie Miller, wreath, P. V. K. C., \$10; Hydro-Electric Power Commission, bulbs, P. V. N., \$7.20; Dr. A. F. Kay, \$5; P. M. Thompson, wreath, \$10; Frank Armstrong, rent, council meeting, \$5; Harry Wood, cartage, 65 cents; village of Bradford, \$11.90; postmaster, Nobleton, postage, \$12; J. A. Farquhar, constable services, \$11; city of Toronto, \$2.50; J. H. Sulton, council meeting, rent, \$5; F. Burling, \$3; H. M. Fizzell, meal tickets, 50 cents; A. Wellestey, school attendance, \$10.60; Chas. H. Ross, relief services, \$24.68.

Relief account, \$68.72; road voucher No. 6, \$1,101.18; W. W. Garhouse, hospitalization for May, \$63, and \$89.50, 50 per cent of hospitalization for January to May.

The council agreed to loan to school section No. 4, township of King, \$4,000, repayable to the township by 10 year debentures.

bearing interest at four per cent per annum.

Arrangements were made to purchase the necessary oil or calcium chloride required to take care of the dust nuisance in the township and to have it applied to the several roads as done last year, as well as any others the council may decide upon.

A resolution was passed as follows: "That this council learns with regret of the decision of the Aurora horse show, wherein they have decided to take the prize list donation of this council for the past two years, and others donated, to the British war relief fund."

"Had this council known of this decision previous to making this grant, we certainly would have hesitated to grant the same. As this township feels we might as well have had the credit for this amount to the British war victims' fund, and this is a very worthy cause and one we would all at all times be pleased to support."

The reeve and clerk were authorized to sign and complete the necessary agreements regarding culverts and water diversion on the seventh concession opposite lots 29 and 30.

Dr. A. F. Kay was requested to act as medical health officer in the south side of the township until a successor to the late Dr. Geo. Lockhart is appointed by the council.

The clerk was asked to write John Callahan about the John Martin property and inform him to take up this matter with the township solicitor, J. D. Lucas, for a final disposition.

The reeve and road superintendent were authorized to make up a list of the steel culverts required for the roads and to order them for delivery at the earliest possible date.

The council accepted the account, as rendered, for burglary insurance inside and outside, for \$12.50.

The clerk was asked to write the Ontario Municipal Board giving them all the necessary information as requested in their letters of May 22 and 31.

He was further instructed to enclose a copy of the order for the road maintainer and snow plow assigned by the reeve, a copy of the latter from the department of highways accepting the same, and also a copy of the auditor's report for the year, 1941, together with any other information that may be required.

Walter Sloan was paid \$7 and Earl Edwards, \$12, for sheep injured and killed by dogs. N. Hill and Wm. Shaw were each paid \$2 for sheep valuator's services.

An account was passed for \$47.57 for Chas. W. Sparks, in care of H. Sparks, 1 Martin Road, Toronto, for the surplus amount received at the tax sale from Mr. Freeman.

The meeting then adjourned to meet at the community hall, Nobleton, on Saturday, July 5, at 9 a.m., or at the call of the chair.

King

The baseball season is on the calendar once again. King Y. P. U. will meet Victoria Square Y. P. U. at the Square some night this week for their opening game.

Rev. Mr. Anderson of Smooth Rock Falls has been called to King. This is quite a coincidence as Rev. Douglas Davis also came from the same pastorate.

Mr. and Mrs. Milton Payne motored to Peterborough on Wednesday of last week.

Jesse Richards is confined to bed owing to a throat infection

caused by milk.

Congratulations are extended to Mr. and Mrs. Bell on the birth of a young son.

Mr. and Mrs. Clarke Archibald and Bertie are visiting both of their parents, Mr. and Mrs. Ed. Archibald and Mr. and Mrs. Wilkins, Oak Ridges. Mr. Archibald is recovering from an accident while at work. A heavy steel plate fell and badly injured his leg.

Miss Frances Ross has resigned her position as switchboard operator on the King exchange.

Kettleby

The date of the annual strawberry festival of the United church has been changed to Thursday, June 28. The Bolton young people are putting on a play called "The Southern Cinderella." Supper will be served from 6 to 8 p.m.

Mr. Ed. Morris, Mr. and Mrs. Jack Lepard and Lorna, Mrs. Jas. Keffer and sons visited relatives in Mount Albert recently.

Mrs. Roy Turton, Harvey and Ruth of Linton and Miss Irene Billings of Toronto visited Mr. and Mrs. Frank Billings on Sunday.

The March of Science

SUN STORMS AND STATIC STUDIED

On several occasions, not long ago, Herr Goebels' propaganda broadcasts became jammed, the sweetest symphony programs sounded like jittersbug jams, transatlantic cable and wireless channels were silenced, telegraph machines wouldn't send anything except the letter V, and some long distance telephone calls were held up for hours.

The cause of all this disturbance has been traced to tornadoes 92,800,000 miles away—on the surface of the sun! Old Sol suddenly becomes more capricious than usual. The streamers of his corona flare angrily into space, Colossal whirlwinds whip the flames to incredibly high temperatures. Huge spots, each about 30,000 miles in circumference, erupt like boils on his pudgy cheeks.

Like a gargantuan garden spray, the rotating sun rains electricity upon the planets. The earth's magnetic poles in the Arctic and Antarctic regions attract this tremendous flow of energy, creating magnetic storms. Enormous sheets of electric current race back and forth in the earth's crust. The Northern Lights radiate more brilliantly than ever. Compass needles twirl crazily. Electric communications suffer a "black out" while the bombardment is at its height.

Naturally, telephone engineers are very much interested in sun storms. Among their astronomical devices is a glass ball that resembles a magician's crystal. This globe is rotated by clockwork once in about 27 days, the period of rotation of the sun itself. Each day, photographs are taken of the sun at noon, and the sun spots disclosed are marked on the

globe in ink. Around the base of the globe are two circles of colored pins. Each day, a pin is selected with a head coloured to indicate the intensity of radio disturbances that day. This pin is inserted in the outer row opposite a fixed line that represents the present day. The pin that was in this hole, representing the intensity of radio disturbances 27 days ago, is moved back to the inner row. In this way, one can see at a glance what relation sun spots have had to radio disturbances during the past 54 days. Eventually, enough data may be secured to enable accurate prediction of serious sun storms.

Furthermore, continued efforts are being made to discover the exact source of the disturbance. For this purpose, Bell Telephone Laboratories have for some time been using the Coronagraph, a means of studying the solar corona by viewing it through an apparatus similar to television equipment.

It is known that long wave radio is not so strongly affected by solar disturbances as short wave, and that increasing the power of the radio channels by concentrating them into a narrow beam reduces the static to one-fourth the former volume. If accurate prediction of the disturbances can be achieved, these precautions can be taken in advance of a serious storm. The radio and telephone channels can be kept in operation, let Old Sol rage as he may.

This combat with such a remote and seemingly irrelevant foe as solar storms illustrates the very wide front of Bell Telephone operations and research—all with a view to protecting and improving your telephone service.

No. 6 of a series prepared by H. G. Owen,
Bell Telephone Company of Canada.

STATSMAN DISCUSSES POST-WAR PROBLEMS

Encouraging declarations of war aims come
in men of peace and power. These declarations
no waste of time. They strengthen the arm
the democracies and they weaken the resist-
of those who uphold the German "new

There is no doubt but that the world needs a
order and it is for the Allies to build a
and finer new order than national socialism
Hitler offer. As English lawyers say, "He
to seek equity must do equity."
Older ideas will be completely unfit to cope
a post-war problems," Herbert Morrison,
British minister of home security, told a London
audience last week. "We must direct the whole
our policy toward achieving for everyone in
countries a really high standard of diet,
with physical well-being, education and that
every combination of peace of mind and con-
structive effort which make the true mark of the
civilized man.

"Never again let our statesmanship be shamed
by the paradox of men starving because the
world produces too much food and shivering
because it makes too much clothing.

"We in Britain are learning some lessons which
have promise for the future. Food rationing and
the new science of nutrition have given the
British people, even under a severe diet, that
which suffices for life and good health.

"Thus we already have community planning.
The production and import of food and the spend-
ing of our public funds have been with reference
to the accepted national welfare. What is true
of food is true of clothing, housing, schooling and
the machinery of production.

"It is my belief that in this conception we shall
find not only the means for social security at
home but ground, necessary ground, for British
and American collaboration which will widen
to fuller international association."

He said Britain's social problems must be
tackled with no respect for vested interests.

ENCOURAGE DAIRY FARMERS, THEY'LL PRODUCE PLENTY

A suggestion from London that North Ameri-
cans should adopt a "creamless day" a week must
based, we feel, on misinformation about the
city of this continent to produce dairy foods.
Britain needs more dairy products from Can-
and Britain can't pay for them, the Canadian
government should buy them and send them as
of Canada's contribution. It would not help,
ever, for Canadians to consume less. That
merely mean a reduced demand for these
products, a reduced price and decreased pro-
duction.

Canadian farmers can step their production of
dairy foods away up, just as Canadian industry
has been able to step up its production, but the
farmers can't do it without payment any more
than industry could.

To suggest that Canadians and Americans
should eat less dairy products is to urge a step
backward. It has taken years of education to
make us realize the food and health value of these
products and there is no need to undo it all at a
time when we could produce all that we need
and all that Britain could use too.

The only problems are paying the farmer, who
can't produce butter without cost, and getting the
butter (cheese or powdered milk) across the
Atlantic.

The Canadian government could very well put
some of its Victory loan dollars into the first part
of that problem, and not only help Britain but
help Canada. The United States government is
already buying food for Britain, more than Brit-
ain at the moment is able to take away, and both
Canada and the United States are helping to get
it across.

TEN MILLION GERMAN ENEMIES OF NAZISM

It is unfair to say that "the German people"
want Hitler and approve of the things he is
doing. Obviously there are many Germans who
are with Hitler enthusiastically, and they include
millions of young people whose minds he has
shaped during the last eight years, but there are
also in Germany millions of silent enemies of
him too.

For instance, the Jews of Germany, abused and
oppressed, are not admirers of Hitler. Many
Socialists and well-to-do persons have been
poor by the financial demands of the Hitler
regime, and labor unions have been broken up
and their assets. There are, therefore,
enemies of Nazism among both industrialists and

statements are easy to make but hard
to prove. However, the United States depart-
ment of agriculture is responsible for a press
telling of Nazi destruction of the co-opera-
tive movement in Germany, which indicates that
up of Nazi opponents numbered until
10,000,000 persons. Dr. Ley, leader of
the "Labor Front," writing in Der
Sturm that he had trouble killing the
co-operative movement because the worker saw
in it "something he had created and
in which he had invested many millions of capital,
and millions of savings," but "their ten
members were all enemies of National

Socialism," and so the movement had to be
liquidated.

It is easy to say that the Germans have the kind
of a leader that they want, and the kind of gov-
ernment that they want, and that they are there-
fore all of a kind. The facts seem to be other-
wise.

Fortunately, they are not all enemies. Fortu-
nately, there are still millions of Germans who
hope for an ultimate Allied victory and the
liberation of their nation from chains. Fortu-
nately, there is still idealism in Germany and a
nucleus (possibly even a majority of people) who
would like to re-establish democratic institutions.

There is no use preaching hatred of the German
people and planning revenge. We will win the
war sooner by making the Nazis and the Nazis'
enemies within Germany realize that we bring
bread, not stones, liberation, not slavery.

And one of the decisive factors in convincing
the Germans of our good intentions, and that
Hitler's war is not worth going on with, will be
the fact that Britain and the British dominions
and the United States had not prepared for this
war. Our lack of preparation in the long run
will prove an important factor in the eventual
victory and, of course, in the peace that follows.

It does pay to do the right thing in this world.
We do not mean that the Allied nations have been
always righteous in their foreign policy (far from
it) in the last 20 years, but with all the mistakes
they made they played the game in disarming to
some extent and in not preparing for war. They
will have their reward. The unbarred door is
often the best defence.

THE TOP AND OVER

Newmarket people are taking hold of the
Victory loan with a will, and it is our prediction
that they and their neighbors in Aurora and
northern York county will put the district cam-
paign over the top. As Mr. Aubrey Davis said
at the Torch Day ceremonies, you can raise a flag
only to the top, but you can put a Victory loan
considerably above the top if there is the will to
do so. Persons who are planning to subscribe
should not wait until they are canvassed, but
should go to their banker or to Victory Loan
headquarters and lighten the burden of the
canvasser. There are, for example, only three
canvassers for the town of Newmarket. That is
no small task.

EMPLOYMENT BUREAU

There was discussion during the winter by the
Newmarket town council as to whether or not
Barrie has an employment office. The answer
seems to be definitely yes. The Barrie Examiner
says: "During the fiscal year ended March 31,
Barrie office of the Employment Service of
Canada placed more than 6,000 in jobs, it
is revealed in the annual report of the superintend-
ent, J. B. Howey."

That may seem like a lot of jobs, but 5,000 of
the jobs were for building construction at Camp
Borden. Other placements included 300 with the
C. N. R. on railway construction and maintenance,
250 on a new Hydro development in Muskoka,
387 with the armed forces in a civilian capacity,
101 in war industries.

The office at Barrie has been open since Oct.
2, 1939, and is for the whole of Simcoe county and
the Georgian Bay-Muskoka area.

A pleasant picture of prosperity in Simcoe
county is presented by the report (although like
most of the rest of Canada's prosperity unfortu-
nately due to war): "During the year a marked
improvement resulted in established factories,
enlarging, new plants opening and old ones re-
opening. The greatest expansion was in the iron
and steel, iron shipbuilding and wooden ship-
building industries. The Collingwood and Mid-
land yards (iron ships) re-opened. Their per-
sonnel increased from 250 in April, 1940, to about
1,250 in April, 1941. Two iron and steel industries
in Orillia practically doubled production turning
out machine tools.

"A marine engine factory is turning out all the
engines used in the small patrol boats also built
in this zone. All the wooden boat plants in this
zone are busy making patrol boats from 112 feet
to 18 feet. A new textile plant was opened and
those existing were working 24 hours on materials
and uniforms. Hundreds of our zone men found
employment in a new chemical plant as operators
and maintenance men on the borders of this and
the North Bay zone.

"Casual day workers and domestics were
always in great demand. Good waiters and
waitresses were easily placed in local hotels and
restaurants. Grocery and clothing stores in-
creased their staffs and enlarged their premises.
Many new restaurants were opened. Cooks, wait-
resses and hotel workers were placed in summer
hotels at Wasaga Beach and Severn River dis-
trict."

WHAT OTHERS THINK

PSYCHOPATHS

(Fort Erie Times-Review)

It might be assumed that the recklessness with
which many—far too many—automobiles are
driven on our highways is due to their operators
being afflicted with either homicidal or suicidal
tendencies; or both. Inexplicable, to those
possessed with a normal sense of caution and
prudence, seem the excessive speed, cutting in and
out of traffic lanes, overtaking another car near
the brow of a hill, and the hundred and one other
violations of the law which can be observed daily.
People who, by any ordinary standards, appear to
be sane, courteous, reasonable beings in their
everyday affairs of life, become what might
fairly be called murderous maniacs when they
sit behind the steering wheel of an automobile.

What brings about this metamorphosis? Why
does a man, after frittering away as much as
half an hour or more on trivialities, get into his
car and then drive as though his only hope of
eternal salvation depended on his arrival at some
other place in the fewest possible number of sec-
onds, regardless of all other considerations?

Reflection on the matter suggests that the
answers might lie in a deep-rooted consciousness
of personal deficiency, an inferiority complex—to
use a hackneyed phrase. A man, physically
weaker than the majority of his fellows, dis-
covers that he is their equal when it comes to
depressing an accelerator pedal. The surging

power of one hundred horses is controlled or
released by the pressure of his right foot. He
becomes suffused with the joyous feeling of
vicarious strength. Now he is the god of this
great machine, a peer among men—for surely no
other human can make it go any faster than he.
Inflamed and intoxicated with his puissance, he
is overcome by a desire to exercise it. In short,
he cannot resist the urge to show off.

It is a deplorable psychic condition, because in
order to get his driving permit the subject
restrains himself—so its existence is not disclosed
by orthodox tests of driving ability.

Ridding the highways of this menace to life and
limb is a crying need which demands drastic
action—because the records show that these
psychopaths become involved in accidents re-
peatedly. Experience, no matter how sad, teaches
them nothing. Suspension of the driving permit
for 60 or 90 days is, therefore, manifestly in-
effective. The only solution seems to lie in per-
manent cancellation of the driving permit after
the first conviction for reckless driving when the
offence resulted in bodily injury to anybody. Also,
the law should be amended so as to make
operating a car, after one's permit has been can-
celled, a penitentiary offence.

KING-HEPBURN FEUD

(Simcoe Reformer)

Premiers King and Hepburn are at it again.
Right at the outset of the Victory Loan Campaign

Canada's two key politicians stage another of
their periodic feuds. This time it concerns the
15 per cent federal tax on revenue from provincial
bonds paid to non-resident bondholders. Tied up
with this issue is the apparent determination of
the Hepburn government to maintain its right to
levy personal and corporation income taxes,
despite Mr. Isley's invitation to the provinces to
vacate these fields of taxation in return for a
"quid pro quo."

It is evident that Mr. Isley is carrying out his
threat, made at the time of the Simcoe debate, to
invade provincial taxation fields in order to fi-
nance Canada's war effort. In addition to sharply
increased income taxes, his budget last month
contained announcement of federal taxation on
gasoline and federal succession duties. Mr. Isley
has definitely thrown down the gauntlet to the
recalcitrant Hepburn government. Premier Hep-
burn seized on the non-resident bondholders' case
as a method of thwarting the entire Isley plan
so far as Ontario was concerned. Premier King
tried to force his hand by offering to abolish the
increased levy on bonds if the Hepburn govern-
ment would surrender its income tax rights. The
Ontario premier is having none of it and so the
fat is in the fire.

Just when unity in the war effort seemed near
to realization this bitter personal feud reappears
to menace the prospect of a determined and all-
out stand against Hitlerism. It is a pitiable spec-
tacle and causes one to speculate on the advan-
tages that might accrue to the country by the
resignation of the two principal figures in the
dispute.

DOWN THROUGH THE AGES

Britons fought and suffered and died in order that
their children and their children's children might
be free. Today the forces of darkness threaten to
engulf us once more. Shall we give up those rights
which our forefathers won?

Today our country must arm. No time can be lost.
We must build the greatest war machine the world
has ever known. We must accomplish in two years
more than the enemy has accomplished in seven.

That is why Canada needs your savings—not as a
gift, but only as a loan. Canada's army must be
maintained and equipped with the most modern
fighting machines. Scores of warships and merchant
vessels must be built. Thousands of planes, thousands
of pilots must be rushed to the scene of conflict.

So Canada needs the use of your money now. Late-
on, Canada will repay you in full. In the meantime,
you will receive regular interest on your loan.

When you buy Victory Bonds, all Canada is your
security. These Bonds are more readily turned into
cash than any other.

HOW TO BUY—Give your order to the canvasser who
calls on you. Or place it in the hands of any branch of any
bank, or give it to any trust company. Or send it to your
local Victory Loan Headquarters. Bonds may be bought in
denominations of \$50, \$100, \$500, \$1,000 and larger.

POLICE COURT FIVE ARE FINED FOR LIQUOR IN AUTOS

As a result of police continuing their watch on cars parked about Musselman's Lake, five persons appeared in Newmarket police court on Tuesday to answer charges of having liquor in an illegal place. "Some place," commented Magistrate J. C. M. German, as he ordered fines of \$10 and costs of \$3 and the beer confiscated in each case.

Constable Ronald Watt, who was responsible for two of the charges being laid, testified that he searched a car owned by Howard Adams, Toronto, in a parking lot at the lake and found some beer. He said that Mr. Adams admitted having been drinking in the car. The officer stated that he also searched the car of Harold Hopkins, Clarendon, and that the latter, who was staying at a cottage for the weekend, admitted drinking in the car.

A plea of guilty to having liquor in their car was given by Earle Whaley and Roy McMurray, both of Toronto, on charges laid by Constable Aubrey Fleury.

"Don't do it any more," Magistrate German told the two men as he fined them the \$10 and costs each. Constable Fleury noticed John Tuttle, Montreal, sitting in his car and "just putting a bottle up to his lips." As a result the latter was fined \$10 and costs. The officer said that the defendant's car was also parked in the parking lot at Musselman's Lake and that Mr. Tuttle admitted drinking beer. A fine of \$5 and costs was given to Walter S. Souter, Hamilton, for careless driving on Yonge St. Constable Alex. Ferguson testified that on May 23, while on his way to investigate an accident, he noticed the Souter car turn out to pass another car and crowd an approaching car to the side of the road. He stated that Mr. Souter was travelling at 55 miles an hour.

For attempting to pass another car on Yonge St. at a time when the road was not clear of approaching traffic, Margaret Pearce, Toronto, was fined \$5 and costs. Magistrate German placed Wilfred Keech, Island Grove, on suspended sentence for three months on payment of costs of \$11.50 and bound him over to keep the peace. Mr. Keech pleaded not guilty to causing a fire which damaged 100 feet of hedge at the summer home at Lake Simcoe of H. E. Livingstone, Toronto.

According to the evidence of the complainant, Mr. Livingstone, on April 12, as he was about to leave his home in his car, he saw smoke coming from the south end of his property. As he approached the fire he noticed the defendant on the property adjacent which belonged to Mrs. O. B. Sheppard, and called to him to "for heaven's sake put out that fire." He said the fire was dangerously close to a two-year-old hedge he had beautified his property. The complainant told his worship that Mr. Keech had been putting the fire out with a broom at a place where least damage was being done instead of trying to save the hedge.

"Did he say anything when you called to him?" asked Crown Attorney N. L. Mathews, K.C. "Yes, he politely told me to go to 'h,'" replied Mr. Livingstone. "I can't value it in dollars and cents, it is the beauty of the thing that I valued," Mr. Livingstone said. "It took two years to obtain the growth."

Asked why he did not prosecute sooner, the witness stated that he thought he would give the defendant time to say that he was sorry or that he would replace the hedge. As he did not do this he decided to prosecute.

"Would you be satisfied if Mr. Keech replaced the hedge now?" asked defense counsel, Charles Evans, Bradford.

"Yes, I would be satisfied, that is, if there is no ransom in the man's heart. I am satisfied to let it drop," replied Mr. Livingstone. William Vosse, chauffeur for Mr. Livingstone, who was present at the time of the incident, corroborated Mr. Livingstone's statement. "The day of the fire I received a phone call from Mr. Livingstone and made an investigation," testified Constable Carl Morton. "I made a rough estimate of the area burned and questioned Mr. Keech the next day."

"I questioned him as to how the fire started and he stated that he had kindled a fire to burn some rubbish in a depression on the Sheppard property. He said that he had gone over to the Sheppards to get a load of wood and when he returned it had spread quite bad."

The officer stated that Mr. Keech told him that Mr. Livingstone had called to him to put out the fire to the north and that he told him "to go to 'h.'"

Constable William Hill, who also investigated, told his worship that Mr. Keech told him that he had cleaned out a stove and emptied the ashes in a vacant lot and that when he returned after getting a load of wood he heard Mr. Livingstone call and told him "to go to 'h.'"

As he thought he should have helped put out the fire instead of standing with his hands in his pockets.

"Was any other property in danger?" asked the crown.

"Yes, there were some hedges and cottages in the line of the fire," replied the officer.

In his defence Mr. Keech told his worship that he had lived at Island Grove for seven years and was accustomed to look after the lawns for the summer people. On the day in question, he said, he had cleaned out a stove and emptied the ashes in a depression, on the empty lot, where he was accustomed to burn rubbish. He said that after he returned he noticed that the fire had spread and threw some water on the hedge to keep it from burning. He said that he did not set the fire

intentionally and would have made arrangements with Mr. Livingstone if the latter had not called the police.

"I think it is the grossest negligence to leave a fire burning like that," stated his worship. "If you were in charge of a car and showed such negligence you might have caused a severe accident. I think Mr. Livingstone has been fair with you. I think that you should go to him and say 'I am sorry' and in the fall when you have the time try to fix his hedge. I don't direct that you do it. I think as a neighbor and as a gentleman you should go to him and apologize."

Defence counsel, Mr. Evans, thanked his worship for his fair consideration of the case. "My decision is based on what Mr. Livingstone said," stated his worship. "If he had been vindictive at all, I would have had to deal with Mr. Keech more severely."

His worship ordered Mrs. Arlie Yorke, North Gwillimbury, to pay Joseph Phoenix, Sutton, wages amounting to \$25.70 and costs of court.

According to the testimony of the complainant, Mrs. Yorke hired him as a helper on her farm for six months at a salary of \$35 a month and board.

"I started to work on April 16 and worked until May 9," he stated. "During that time she gave me one egg for breakfast, one egg for dinner and no meat at all." He said that he left the woman's employ because the board was no good. "I told her I wanted more to eat and she said I was like another 'old devil' she had who never got enough to eat," the complainant stated.

Mr. Phoenix said that Mrs. Yorke refused to pay him his wages, only allowing him \$2, which he had given to the war victims' fund and two fifteen cent packages of cigarettes.

"Tell his worship what you got to eat," asked the crown.

"In the morning I got a little mash (porridge), bread and butter, an egg and some honey," stated the witness. "For dinner I got an egg, a little fruit, baked potatoes . . ."

"One day I was pitching manure all day and coming in for supper I got home-made pancakes and syrup. The next morning I asked for an extra egg and she would not give it to me."

Upon cross-examination the witness admitted working for the defendant for 16 months at a previous time, and that at that time he did not find any fault with the meals.

"He ate at the same table as we did," Mrs. Yorke said in her defence. "It is not true that he did not have meat, maybe not every day, but he had it several times. He did not complain until the morning he left."

She said that she offered the complainant an extra egg on the morning he left but that he refused it. She gave as her reason for not having meat every day the fact that she belonged to the "beef ring" and that she would have had plenty of meat later. "Do you think that is the way to feed a man working in the field all day?" asked the crown. The defendant admitted that it was not and that she could have gotten meat had she wished.

When called to testify, Mrs. Yorke's 16-year-old son, Claude, stated that he was doing the same work as Mr. Phoenix did and could exist on the same meals.

"I can't keep a man working on my farm with that little food," his worship told Mrs. Yorke. "Mr. Phoenix worked on your farm 16 months before and there was not trouble about food then. It might have been the time that the 'beef ring' was in. However, you must pay the man for the time he worked."

His worship ordered Harry T. Babb, Island Grove, to pay wages amounting to \$3.15 to Edwin J. Janz, Mr. Janz, who came from western Canada, said that he had been hired in Toronto by the defendant, as a waiter and to do odd jobs such as cutting grass. He said that when he got to Island Grove, Mr. Babb sent him to clean out septic tanks, a job which he did not care to do, and so he resigned after working four days.

He said that according to his agreement with the defendant he was to get \$25 a month and could leave on a day's notice. In his defence, Mr. Babb told his worship that he had let the matter come into court instead of paying the \$3.15, because he wished to break a racket which was going on. He stated that when he hired the witness and other men, they were out of work and in need of food. He said that he took them on and gave them food and lodging, after which they left for other jobs.

"I feel that it is a racket and if I lose this case other boys will do the same," he told his worship. "I am going to give an order that you pay the man his wages, he worked for them," Magistrate German told the defendant.

Three drivers of cars with defective brakes were fined \$10 and costs. They were Charles S. Tindall, R.R. 2, Stouffville, James McNamara, Loreto, Simcoe county, and Mary Sullivan, King township.

Constable Ronald Watt, who stopped the McNamara car on the ninth concession of King, said that the service brake tested at 100 feet and the emergency at 65 feet instead of 40 feet for the former and 60 feet for the latter.

Mr. McNamara, who pleaded guilty to the offence, told his worship that he has since had the brakes fixed.

The officer also testified that he tested the brakes on a car owned by William Archibald, R.R. 1, Schomberg, and that they tested at 50 feet (service brake) and 80 feet (emergency brake). He said that Mr. Archibald's niece had been driving the car and that she told him she was on her way to get the brakes fixed. He told her to return after they were adjusted but she did not return.

Mr. Archibald told his worship that his niece did return but that

the police officer had gone. "I'll let you go this time and remand you for sentence," the magistrate told the defendant. His worship fined the Coca-Cola Co., Toronto, \$5 and costs for having a load in excess of the width allowed by law.

For failing to purchase a 1941 operator's license, Alice Leeny, Toronto, was fined \$10 and costs. Constable Joseph Jardine testified that the defendant told him that she never had a license.

John Gordon Lake, Toronto, was fined \$10 and costs for not having an operator's license.

Constable Aubrey Fleury stated that Mr. Lake had a temporary permit but did not have a chauffeur's or operator's license. He explained that the law requires a beginner to have a professional operator or qualified driver accompany him. The defendant had three passengers in his car but no one had an operator's license.

David Dunn, Markham, was fined \$3 and costs for failing to produce his driver's permit when asked by Constable Fleury. The officer stated that the defendant turned his car about when he saw him checking another car. He said that he had to go after the Dunn car.

For speeding on Yonge St., N. T. P. O'Sullivan, Forest Hill, was fined \$15 and costs and William Cameron, Coppercliff, was fined \$5 and costs.

Constable Kenneth Mount clocked three drivers travelling at 45 miles an hour on Eagle St. and as a result each was fined \$8 and costs. They were Riley Nelson, Weston, Henry Scott, Toronto, and William J. Butler, Toronto.

Four drivers going 45 miles an hour through Aurora were timed by Constable Fleury and each was fined \$8 and costs. They were E. S. Currie Ltd., Toronto, James B. Craig, Hamilton, Edward R. Reid, Toronto, and James Edward Watt, Toronto.

For travelling between 40 and 45 miles an hour through the same town, Alexander Murray and Co., Toronto, David Harris, Collingwood, and Dennis Fitzgerald, York Mills, were each fined \$6 and costs.

Constable Aubrey Fleury testified that he timed R. L. Daval, Toronto, driving at 65 miles an hour and as a result Mr. Daval received a fine of \$14 and costs.

A remand was given S. J. Reynolds, who is charged with failing to produce his registration certificate at the request of the officer. The defendant is at present at the Niagara military camp.

In Memoriam

Dion—In loving memory of my dear husband, Raymond A. Dion, who passed away June 13, 1939.

This world may change from year to year
And friends from day to day.
But never shall the one I loved
From memory pass away.

Ever lovingly remembered by his wife.

McGhee—In loving memory of a dear daughter and sister, Nellie, who passed away following Cane's explosion, on June 13, 1919.

She has gone across the river
To the shores of ever green,
And we long to see her dear face,
But the river flows between.

Some day, some time, our eyes
shall see
The face we loved so well,
Some day we'll clasp her loving hand
And never say farewell.

Owing to the weather, only a few would have been able to attend, so the gathering was postponed.

At a meeting of the Sunday-school teachers of Aurora United church, it was decided not to hold the annual Sunday-school picnic this year.

Six members of the Aurora L.O.O.F., Harold Lubbock, Bert Wilson, Victor Jones, Arthur Ashton, Walter Dunning and George Walker journeyed to Owen Sound on Saturday to attend a joint meeting of the two Owen Sound Oddfellows' lodges, which entertained American lodges of Syracuse, N.Y.

The American brethren brought over their famous degree team and a widely attended banquet was held following the ceremonies.

Mayor Geo. Marron of Owen Sound extended a civic welcome and a gavel made of American walnut and Canadian maple was presented to the N. G. of America lodge.

Rev. Roy Hicks, newly appointed pastor of Aurora United church, will formally be inducted into his charge here by United church dignitaries on Friday, July 20.

A number of the members of the Aurora United church Y.P.U. held a picnic on Sunday afternoon at Vivian forest reserve.

Trainees Badly Hurt In Truck Crash Within Town Limits

Early Wednesday morning three trainees from Newmarket training camp received injuries, one perhaps critically, when a truck on which they were obtaining a ride crashed into the high bank on Yonge St. opposite the residence of Mrs. Charles Webster and turned over.

The injured were Joe Patterson of Oshawa, Oliver Sutton, Toronto, who were removed to Christie St. hospital, Toronto, and Hugh McMahon, Oshawa, seriously injured, who was taken to York county hospital.

Apparently the trio, with six or seven other soldiers, were picked up at the city limits after 3 a.m. by a truck driven by a youth about

20. On the way up several soldiers are said to have left the truck as the car was driven a bit erratically. Suddenly, without warning, in Aurora the accident occurred, McMahon being thrown heavily to the sidewalk.

The driver disappeared from the scene, leaving the truck. Most of the soldiers likewise disappeared, except the injured man and one or two others. County Constable Aubrey Fleury and Sgt. Sydney Barclough, who were returning home from the north, and Chief Constable Fisher Dunham, are investigating. The men were treated by Dr. C. J. Devins before being taken to hospitals.

PROPHESIES RETURN OF DOBBIN TO THE FARM

Dr. G. I. Christie, president of the Ontario Agricultural College, addressed a large gathering of Holstein breeders and their families and predicted a program of food rationing which was unthought of at the beginning of the war, at Woodbridge on Saturday. He also said that the horse would return to many Canadian farms now worked entirely by tractor.

The event was the annual Holstein picnic. This was the most successful picnic held in some years. The crowd assembled for lunch at noon and after lunch short addresses were also given by Hon. Geo. S. Henry of Tadmorden and C. D. Graham of Brantford, chief of the Ontario field service of the Holstein-Friesian Association.

Two classes of Holsteins were judged by the picnicers, Mr. Graham giving the official placing. The winners were: Girls' class, 1st, Miss Olive McIntosh, Markham, 2nd, Miss Dorothy Keffer, Maple.

Women's class, 1st, Mrs. W. L. Edwards, Schomberg, 2nd, Mrs. Robt. Watson, Woodbridge.

Boys' class, 1st, Perry Winch, Keswick, 2nd, Russell Watson, Woodbridge.

Men's class, 1st, Wm. McGriskin, Agincourt, 2nd, J. Fraser, Streetsville, 3rd, R. Whitaker, Downsview, 4th, R. Chapman, Weston.

Youngest boy judging, Douglas Cockburn, Newmarket; youngest girl judging, Colleen Henry, Tadmorden.

Excellent prizes were donated by breeders and interested merchants.

This was followed by races for young and old in the charge of "Moff" Cockburn of Newmarket. President of the club this year is Roy Barker of Woodbridge, vice-president is Archie Cameron, Woodbridge, and sec.-treas. is Frank Ramsay of Sharon.

GIVE SPECIAL RATE FOR ERA SENT SOLDIERS

The Era will be sent to members of the active service forces at half the usual price, that is, at the rate of \$1 a year.

to Corporal Gerrard.

"What did Gerrard do with the money?" asked crown counsel, Norman Borins.

"I don't know," replied Mr. Ravey. "He said he had to return it to the government."

Other witnesses testified that they had given part of their money in this way to Gerrard.

Graydon Carson, Galt, who stated he had worked in the construction office, testified that he had never known of any money being returned to the government.

However, he said that as far as he knew, there were no excessive pays given except in mistake.

Witness in the charge of forgery against Mr. McMillan was W. H. Patrick, Newmarket, who testified that he had never seen a pay cheque for \$70.66 made out by Mr. McMillan.

A handwriting expert said that it was his strong belief that McMillan had forged the name "W. H. Patrick," on the cheque.

All the crown witnesses have been called and it is expected that the trial will be finished today.

HAVE PRETTY HOUSE WEDDING

A pretty wedding took place on Saturday afternoon at the home of the bride's parents, Mr. and Mrs. Cecil Adair, Mill St., when their only daughter, Laura Margaret, became the bride of C.Q.M. Sgt. George Poucher of the R.C.A.S.C., Camp Borden, son of Mr. and Mrs. Charles Poucher of Allandale.

The bride, given in marriage by her father, had chosen a beige crepe frock of street length with a beige hat and matching accessories, and carried a bouquet of pink roses.

Her only attendant was Miss Phyllis Poucher of Allandale, sister of the groom, who wore blue crepe and carried a bouquet of cream roses.

Corporal Ivan Adair of the R.C.A.S.C., Camp Borden, cousin of the bride, was best man. Rev. T. R. White of Aurora performed the ceremony amid a picturesque setting of lilies, peonies, snapdragons and ferns.

Guests were present from Toronto, Barrie and Bradford.

Following the ceremony, Mrs. Adair received wearing a gown of red and white printed silk with a corsage of white carnations. She was assisted by Mrs. Charles Poucher wearing a frock of mauve crepe with matching hat and fox furs.

For going away the bride wore rose crepe, beige coat and accessories.

DOWN THE CENTRE

Richmond Hill Roses, the uncrowned softball kings of the York-Simcoe loop, have a revamped line-up this season as they seek another crown.

Ted Annett, an experienced receiver from the Davisville loop, is handling the catching duties. Annett possesses a fine throwing arm and is very sprightly. He is said to be a power hitter, too. Harold Echlin, last year's catcher, is doing service at first base and is an improvement on Art Dykes and Steve Young, who looked after the initial sack last year. Echlin, along with Charlie Proctor, will also be available for service behind the plate.

Bob Miller, elongated speedballer from Unionville, heads the pitching staff and won his first start against Aurora last week. He has a world of stuff, and can clout a ball with the best. Ronnie O'Dell is again on deck for duty as is Teddy Bennett. The veteran, Bennett, plans to pick his pitching spots and to act in a relief role. When not on the mound he will be found in the outfield. There is no need to mention his batting prowess and fighting heart. Miller will be steadier than George Stong, who is now in Hamilton.

The infield has Echlin on first base, Tim Saul, the second base flack, at his old post, Cochrane, recast, shortstop of last season, back at short, and a newcomer, via the Hydro-Electric, at third, in the person of Tip Cummings, who hails from Toronto and western Ontario. Steve Young, Art Dykes and Rin Brown are available for relief infield duty.

The Creams, Jim and Art, are both parked in the outfield, as is Charlie Mabley. One of this trio is dropped to make way for Bennett or Brown, who are heavier hitters. Missing this season are Norm Mabley and Jack Brockbank, youthful outfielders of last season.

Charlie Ryan, the popular manager, is handling the team from the bench and says he hasn't shown all his cards yet, but he is satisfied his boys can repeat last year's triumphs. As yet the team has not struck its stride, being lucky to beat a weakened Aurora team, and losing to the military camp, but wait until mid-season. Good crowds have turned up at both home games in the Hill, but the fans are bellowing already about waiting for visiting teams, and, truth to tell, they have some excuse. However, it's the same way all over the circuit.

Jimmy Hood, who had a whirl on the defence for Tigers two years ago, is doing some umpiring for the southerners. Hood, you will recall, when he was just striking his form, was the victim of a level crossing train crash at Agincourt and spent months in the hospital. He might have been a big help to the weary Aurora boys in the semi-finals. He has completely recovered from the accident and still wears that habit smile, which along with a bit of shyness, made him a favorite with his teammates and the fair sex.

Roy King, teacher at Vandorf school, and secretary of the York No. 1 inspectorate rural school field day held at Richmond Hill last Friday, deserves an honour for the smooth job he did as announcer and the way he and his committee had things working to perfection. Lambert Malloy of Stouffville, M. Sanders of Stouffville, E. T. Pherrill of Thornhill, and Jim Cotterill of Concord, were others who worked themselves to a near state of exhaustion in handling the events.

About 900 school kids and 400 different competitors required some handling. Not an injury, not a squawk and some really standard performances for public school athletes is a record that everybody connected with the day can be proud about.

Inspector W. H. T. Mooney was the originator of the idea and the 72 different schools in his area took to the idea with zip and zeal.

Turk Broda, doing some advertising in his new job with a soft drink firm, was on hand early, but beat a quick retreat under an avalanche of autograph seekers. Broda took it all in his stride and in good part, with the grin that has made the husky Walter a favorite with fans everywhere. Municipal figures and teachers were soon forgotten when the hundreds of kids saw in the flesh for the first time the Maple Leaf goalie.

Ernie Wortley, the O.H.A. hockey referee, so well known to players and fans of the district, has assumed the coaching duties for the Calhouns hardball team in the newly-formed West Toronto league. Ernie, who is nearly bald, can ill afford to lose any more hair, so we wish him a good season. The same Wortley slowed up so badly this year that the clubs in the local group didn't have him on their order list when they went shopping with Secretary Bill Hewitt. The year Aurora went through to the title Wortley teamed up with Ken Holmeschaw to provide a real team of officials.

New sweaters, according to Secretary Tom Rank of the Aurora softball club, will soon be ready. To date 15 local merchants have signified their intention of each supplying a sweater. The idea is a good one and certainly the sweaters are badly needed by the team, and for that matter by most of the entries except the military camp. Aurora, however, were more nondescript in their attire than any. We know we speak the minds of the spectators when we ask Manager Simmons not to

infect the colors of last year upon weary eyes again.

Newmarket ladies' softballers will definitely not field a team this season, we understand, which is too bad, as the scarlet and gold clad canal town beauties were very popular all over North York. The fault does not lie, you can be assured, with their energetic coach, Alex Webster, who did his best to lure the girls out to practice, but with at least three former players working in Toronto it was no go. Thornhill, Unionville, Stouffville, Uxbridge and Agincourt are centres in the district where the girls will still field teams.

Camp Borden flers, who were an entry in the York-Simcoe league last year, are running their own house league this season at Borden, tho' for some weeks they flirted with the idea of a team in the group. They have, however, filed a challenge to meet the ultimate league winners either for the trophy or in an unofficial district title. Presumably the latter. The first half of the Y-S schedule ends in July and the second half early in September, which is going to make the play-offs late as usual.

Lake Simcoe league winners should be given a chance in any play-off scheme. The top teams in that group are playing pretty smart ball and the league has a big-time complex now, with Ellis Fringle performing at first for Willow Beach and Flash Hollett playing for Keswick. Ellis is, of course, at his summer resort at Mossington's Park and Flash is again doing duty for a Toronto bread firm.

The hardball schedule in Newmarket is pretty well ruining the chances of Aurora nabbing some of last year's Redmen to bolster the softball team. Monday and Thursday nights are the dates for the hardballers and Aurora has its home games on that night.

However, a change in the schedule will probably be sought by the local moguls to meet the situation, since one or two reinforcements are badly needed. Bob Hillis, thrust into the game at Richmond Hill, made a nice catch on his only chance in the field, got two hits in four trips to the plate, and, while obviously nervous when he went to the hilltop, didn't do a bad job. Feature bit was when he fanned the heavy-hitting Rin Brown with runners on the sacks. Plenty of time on his delivery will improve the youngster no end.

Busy Days Don't Worry Me!

I take no chances with Internal Sluggishness

IF YOU find no pleasure in the day's work—feel disinclined to make an effort—the cause may be internal sluggishness. This handicap is very common. Often it's due to a lack of bulk in the diet.

A Pleasant Precaution that Can Help Prevent Trouble

Constipation due to lack of bulk should yield to Post's Bran Flakes, eaten regularly. They provide enough natural bulk in the form of bran to keep food wastes moving promptly.

It's both wise and pleasant to eat Post's Bran Flakes as an aid to fitness. They have a crisp, nut-like flavour which really is delicious. If they do not readily relieve internal sluggishness, see your doctor.

HELPING AGRICULTURE MEET THE Challenge

The providing of the foodstuffs for an Empire at war is a prodigious undertaking. Fortunately for our fortunes at war we can accomplish this with comparative ease and little or no disturbance of our regular farming regime. Abundance is our problem.

To produce such great quantities of farm products with a minimum of labor—releasing men for more direct war activities—is the triumph of modern power-farming which, with its time-saving multiple operations and cost-reducing equipment, helps the farmer to carry on operations more efficiently to meet the present difficult conditions. Thus modern farm machinery helps agriculture meet the peculiar challenge with which it is confronted in making its contribution to Canada's and the Empire's war effort.

GIVE THEM MORE LAUGHS

Record engagement of "Buck
Privates" at Shea's theatre, Tor-
onto, (sure to go nine weeks) is
evidence that the public wants
laughs and more laughs. Uni-
versal pictures producers have
realized this and have decided to
make three more pictures with
the same stars, the first of which,
"In the Navy," is complete now.
The titles for the subsequent two
will be "Oh Charlie" and "Ride
'Em Cowboy."

ANOTHER SPITFIRE

(NOT A FIGHTING PLANE)

Lupe Velez and Leon Errol
will make another in the Mexi-
can Spitfire series, under the
title of "Lord Epping Sees A
Ghost." The supporting cast will
include Zasu Pitts, Buddy Rogers
and many other fun-makers.

IT CAN'T LAST FOREVER

If David O'Selznick keeps on
winning academy awards he will
soon have to build a house to
store his "Oscars" (statuette
given to academy award win-
ners). The latest arrival is the
"Oscar" from the "Campfire
Girls," who voted "Gone With
the Wind" the best picture of its
time.

AND NO FOOLIN'

William Powell and Myrna
Loy will be seen soon in "Love
Crazy." A Canadian representa-
tive of Metro phoned the other
day to tell us that this was the
funniest picture they had ever
produced and that it was even
better than "Buck Privates,"
which is tops right now.

IT'S COOL

The coolest spot in Hollywood
is the set where Alexander
Korda is shooting "Illusion."
They are using about 30 tons of
ground ice daily, sprayed all over
the sound stage.

ALMOST A METROPOLIS

Panamint, California, has peti-
tioned Harry Sherman, the
producer of the Hopalong series,
to hold the world premiere of
"Parson of Panamint" in their
town, which consists of eight
citizens, 12 dogs, 40 horses and
2,000 head of cattle. P. S. They
have no theatre.

FREE FOR ALL

When you go to see "Third
Dimensional Murder" you will
receive free a pair of audioscopic
glasses, without which you could
not see this short subject. These
are made from cardboard with
green and red cellulose lenses,
which focus the third dimensional
film.

ALMOST AS LONG

AS G. W. T. W.
"Sergeant York," which stars
Gary Cooper, has been cut down
to two and a half hours, and
rather than make any drastic
cuts, Warner Brothers may pre-
sent the film in two sections,
separated by an intermission.

HUSBAND AND WIFE

TOGETHER
For the first time Jeannette
MacDonald and Gene Raymond
will appear on the screen to-
gether in "Smilin' Through." Do
you remember when Leslie
Howard and Norma Shearer were
starred in this picture and your
friends told you to take an extra
hankie just in case it touched
your heart?

AND FOR YOUR

FURTHER ENJOYMENT

The management of the Strand
theatre has installed a new
screen. This is not just another
screen, but the best on the mar-
ket. It is the latest type of
Walker Silversheet, which im-
proves the picture by at least 60
per cent. The picture at the
Strand is now larger than before
and much brighter. The size in-
crease was accomplished by mov-
ing the screen further back and
by adjusting the projectors.
This improvement, in addition to
the cooling system and the fine
programs being offered, should
prove more enticing than ever.

Hamilton.

Rev. Richard Morton of New-
castle took the service here on
Sunday.

Mr. and Mrs. Thomas Johnson
spent last weekend in Niagara
Falls and were guests at the
Lockwood-Miller wedding.

Mrs. Armstrong entertained a
number of ladies at a quilting
for the Red Cross on Tuesday.

A subscription to The Era will
make a friend happy.

BIRTHDAY CLUB

(in co-operation with Strand
theatre)

Birthday greetings to:
Fred Case, Newmarket, 11
years old on Monday, June 9.
Ann Rowe, Queensville, 5
years old on Saturday, June 14.
June Herdman, Queensville, 13
years old on Saturday, June 14.
Three birthday club members
are celebrating this week, but
we have no members with birth-
days next week. From the look
of our membership book, July
and August are pretty popular
birthday months, but how about
some new members with birth-
days next week or the week
after?

Lucky winners, whose names
were drawn from those who sent
in the correct answer to last
week's contest, are: David Enge,
Queensville, Noreen Jean Wood-
cock, Cedar Valley, Bill Gilroy,
Newmarket, Ruth Armistage, R.
R. 3, Newmarket, and Jack
McCarnan, Newmarket. The
correct answer was "poison."
These winners may obtain their
free admission to the Saturday
matinee at the Strand by pre-
senting themselves at the theatre.

Carl Longfield is a new birth-
day club member this week, but
he forgot to tell us when his
birthday rolls around. Don't for-
get to tell us next week.

Answers for the weekly con-
tests should reach The Era office
by 9:30 a.m., D.S.T., on Tuesday
mornings.

Five more boys and girls will
be given free admissions to next
week's matinee. Read this
week's exciting adventure and
get out your thinking caps.

THE CONTEST STORY

"Keep away from that chest!"
suddenly shouted Detective
Sureluck as he pieced together
the blocked word. "Poison!" it
says. "Whew! We did get into
something."

Dr. Wiseman motioned to the
others to move back. Both
Detective Sureluck and the
fingerprint man dusted off care-
fully the gloves with which they
had touched the jewelry and
blobs.

"There are rare poisons which
it would be fatal even to touch
with your fingers," said Detective
Sureluck. "But I wouldn't
expect anything of the sort here.
Nevertheless we must make sure,
and of course the poison may
have something to do with the
whole set-up."

"We can't be too careful," said
Dr. Wiseman. "The poison might
very well be lying in that dust
at the bottom of the drawer."

"But how can you tell, Chief?"
asked one of the constables.

"Only by study and thought,
short of an analysis, which
would waste valuable time," said
Detective Sureluck.

With his gloved hands, he
moved the drawer back into
place. As he did so they heard
a clock, apparently concealed in
the chest, strike nine.

"Strange, at this hour," he
said. As he opened the drawer
again gently, they again heard
the clock strike nine. He re-
peated this operation several
times, each time with the same
result.

"I believe that that striking is
intended to tell those in the sec-
ret what kind of poison is being
used in the drawer," said Detective
Sureluck. "Strike nine," he
said thoughtfully.

"Strike nine?" said Dr. Wise-
man. "What could that mean?"
"Strike nine," said Detective
Sureluck. "Of course, that's it.
The clock is talking as clearly as
a parrot would, and it is more
dependable." The others looked
at him in puzzlement. What
kind of poison was in the
drawer?

MOUNT ALBERT SPORTS DAY ATTRACTS GAY CROWD OF 1,000

Mount Albert's 17th annual sports day has come and gone, and what a crowd and what a good time! While the clouds looked dark and a few raindrops fell, it did not stop the people coming and all the events scheduled taking place.

Splendid ball games, with six teams competing, resulted in Mount Albert winning first prize money, Richmond Hill second, and a mercantile team from Toronto third. The winners of the horse-shoe pitching were: first, Fred King, second, Mr. Hill, third, Mr. Stouffer. The contestants in the track and field events were rewarded with cash prizes.

A good demonstration of machines was put on by local dealers and the exhibition special was certainly enjoyed by the kiddies, who had free rides all the afternoon. The midway was all alive as usual and the veterans' bingo tent did well for the war victims' fund. The Red Cross quilt went to Gordon Johnson as the lucky ticket holder.

Miss Mount Albert came to the platform as Velma Thompson, who presented prizes to the several winners.

Harold Wilson of Kettleby made a very good entertainer as the clown.

The best lady drivers proved to be Mrs. Wilson of Aurora, first, and Mrs. Harold Kurtz of Mount Albert, second.

Franklin and Jack Case, Mrs. Walter Case and Jack Walker, Mrs. Bruce Lapp and Walter Case and Mrs. Roy Crane and Willard Cole. These later go to the exhibition as guests to dance. The modern dancers were Blanche Hall, Lois Oldham, Kay Oldham and Marian Dike, Ken Mitchell, O. Hancock, Charlie Scott and Mel Oldham. These dancers all excelled themselves and should be ready for engagements any time. The mystery man distributed his funds to several prize-winners.

The Misses Watson and Yule as swing sisters, with the tap dancers, Misses Robertson and Alexander, all of Uxbridge, also entertained in the afternoon, with Russ Creighton and Roy Stewart as announcers over the loud speaker.

The evening entertainment was a very fine open air concert, put on by Russ Creighton, and was enjoyed by all, with Donald Spence, boy singer of comic and patriotic songs; wee Clara Palley, singer and dancer; the Wralton sisters, tap dancers and singers, and last, but not least, Canada's grand old entertainer, Jimmy Fox, 25 years young, and still going strong. Many came only to hear him.

Those who wished to dance could do so on the tennis court,

where the orchestra provided very fine music. There was something for everyone and the attendance was over 1,000 people, who stayed till everything was over and went home happy.

The committees in charge are to be congratulated on the success of the day, which is only done by the united efforts of everyone working together.

Pine Orchard Boys Trim Willow Beach

Pine Orchard defeated Willow Beach seven runs to six in a Lake Simcoe game played at the beach last Thursday night. It was a close game and the score could have gone either way.

Morley Cook pitched a good game for Pine Orchard and Jack Gordon twirled for the losers. Duke Dennis, of Newmarket, playing for Pine Orchard, knocked out a four-bagger.

Bowser Wants Town's Interests Protected

Saying that paved streets are being undermined by citizens installing sewer and water services and not properly filling in the excavation under the paved part, Councillor Frank Bowser asked the town council to remedy the matter at a meeting on Tuesday night.

In future, precautions must be taken to "assure that the pavement will be properly protected by placing shores or props under it," the council decided. Town workmen also had been at fault in neglecting that, Reeve Fred A. Lundy said.

"Now we are going to have \$200 and \$300 expense over that neglect," he stated. "You go down to Toronto and try to dig under the pavement and see where you get off."

Councillor Bowser said that he also wanted to prevent "every Tom, Dick and Harry" from borrowing the new sewer rod which the town council decided to purchase for \$125. It was decided that private citizens wanting the use of the rod would have to pay for its use. A town employee will also have to do the work.

REVAMPED WELL FLOW IS SAID PROMISING

The flow of water at the Corner St. well looks promising, C. C. Rachar, water and light superintendent, told The Era this week. An effort is being made to increase the flow by drilling a new well.

The flow has to be cleared up and test-pumped, he stated. He asked that citizens economize in the use of water for the next two weeks, while the Corner St. well is out of operation.

Make Parking Changes To Protect Youngsters

Parking in front of or beside premises or playgrounds of public, separate and high schools in Newmarket will be prohibited, ruled the town council at a meeting on Tuesday evening. In addition, a one-hour parking limit was set on Prospect St., from Water St. to Sigley St., and on Timothy St. from Main to Charlotte St.

These changes in the town parking by-laws are expected to lessen the chance of school children getting hurt by dashing out from parked cars and to ease the traffic problem.

Reeve Fred A. Lundy said that the Office-Specialty Mfg. Co. had provided parking facilities for its employees other than in front of the Alexander Muir school, which is near the factory. However, some employees still parked their cars in front of the school, the reeve said, and the parking change was designed to eliminate this.

W. A. HEALS REPORT OF W.C.T.U. CONVENTION

The regular meeting of the Women's Association of Trinity United church was held on Thursday, June 5, with the third vice-president, Mrs. R. D. Brown, in the chair. The regular business was taken up and reports given.

A report was given of the York and Peel counties W.C.T.U. convention held in Toronto recently, at which Mrs. J. L. Halpenny, president of the United church centre presbytery W. A. spoke. Part of her speech was quoted as follows: "Christian women should be united for temperance. If we are to succeed and achieve success, we must awaken every Christian woman to her duty. We must give our people a Christian outlook if we are to have a better world. In 1940 two hundred million dollars was spent on liquor. We can finance the war with the money being spent on alcohol and tobacco. In the Fred Victor home for girls we have a great problem, as we cannot take all the girls that come to us and the beverage room is largely responsible. You can legislate against the bar room but you cannot control the thirst. Even

drinkers are disgusted with the beverage room."

Mrs. Halpenny told of a woman who was not a temperance woman, who had attended one of the big dances in Toronto, and was so disgusted that she said she would sign the war time pledge.

Mrs. L. Atkinson took charge of the devotional exercises. Master Wendell Gilbert delighted the association by playing two lovely selections on the piano.
